

SC-CAPSULE FEATURES

- ▲ Interchangeable, long-lasting
- ▲ Customizable
- ▲ Durable outer shield
- ▲ Extreme weather protection
- ▲ Full power and/or Ethernet capabilities

PRODUCT DESCRIPTION

Capsules provide managed gigabit networking connectivity to all attached devices, along with power over Ethernet and optional 12DC, 25DC or 48V DC.

They also have built-in accelerometers to automatically detect movement and tampering within the security tower.
